Total items listed in this report: 362

- Style Notes: 1. The foundational information in the report is a compilation of source material provided by Farny Wurlitzer to Q. David Bowers during the mid 1960s, and then corroborated (with any typos corrected or missing information filled-in) against the Wurlitzer Factory Shipping Ledgers (courtesy of David Reidy).
2. Semicolons (;) separate individual items in notations; periods are absent unless present in the source text.
3. The original source material has been slightly edited and obvious spelling and location errors corrected, but in all instances the original intent has been preserved. Otherwise the reader would be confronted with an endless number or annoying (sic) notations.

Piano	Philipps	Style	Remodeled / Rebuilt From	Case Finish	Date Shipped
15017	2712	17 PianOrchestra	-----	Weathered Oak	4/21/1912
Customer: Aronson & Browne; Raleigh, N. Car.					
Notations: New style #17					
Editor Comments: This entry is a combination of two separate items in the Wurlitzer factory shipping ledgers, both identical except that the primary item has only a Wurlitzer serial number, while the latter brief mention has only a Philipps serial number and is not dated, and it is shown separately on an otherwise blank page at the end of ledger #1. It is presumed that the later style 17 mention was added to record the Philipps S/N after the primary entry had already been entered, but inserted at the ledger's end without taking the time to search through the ledger to find and annotate the primary entry. Entry added using data from Wurlitzer factory shipping ledger #1.

Editor Comments: The Philipps serial number 4120 duplicates that for a style 30-A PianOrchestra dated 1/11/1913. In the Wurlitzer factory shipping ledger #1 the last digit, a zero, appears to have been written in different handwriting at some later time.
